

Elevator Etiquette

1. Practice social distancing as outlined by elevator floor markings limiting the number of people in elevator.

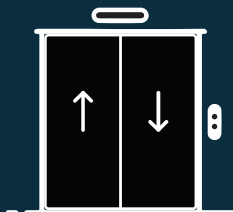

2. Please do not damage elevator buttons by using foreign objects. Where provided use paper napkins to press the buttons.

3. The elevator buttons are sanitized frequently every hour.

4. Wearing masks is encouraged when possible.

5. The elevator shaft acts as a chimney and the air in the elevator is always exchanged whenever the elevator moves, or the doors are opened.
